Glass Mount Mobile Antenna

- This PHANTOM24 glass mount antenna is designed for use on the ISM band.
- Low profile and small, it is hardly visible when mounted on the vehicle window.

Electrical Data	PHANTOM24
Frequency Range	2.4-2.5 GHz
Nominal Gain	2 dBi
VSWR	< 2.5:1
Radiation Pattern	Omni-directional
Rated power	10 Watts
Impedance	50 Ohms
Termination *	LMR100 Coax

Mechanical Data	
Material - Radiator	PCB
Material - Cover	UV Stabilised ABS
Operating Temperature	-20°C to +60°C
Mounting	With double sided tape (supplied) to windshield or any non-metallic surface
Antenna Dimensions (LxWxH)	112 x 14 x 6 mm
Packaged weight / Volume	0.1 kg / 15 x 2 x 4 cm

* Specify connector and length of cable when ordering.
