

LOAD TERMINATIONS

- ☑ This 1 W Coaxial Load Resistor provides a stable 50 Ohm termination and an extremely low VSWR.
- ☑ It is designed to provide 50Ω to open receiver ports.
- ☑ It can also be used to terminate unused ports in Receiver Multi-couplers

DL150N
D10AA0101A

Electrical Data	DL150N
Frequency	DC—500 MHz
Power Rating	1 W @ +60°C,
VSWR (max)	1,1 : 1 (max)
Impedance	50 Ohm
Termination	N Male
Mechanical Data	
Temperature Range	-40 to +60°C
Coolant	Dry (Convectional Cooling)
Width	20 mm
Height	48 mm
Packed Weight	0,0288 kg
